Dear Members

It is a pleasure to pen this message as the President of the Chartered Institute of Logistics and Transport Sri Lanka. This annual report shows how far we have come during the council year 2022/23.

The last three years were extremely challenging for everyone in the Logistics and Transport fields due to COVID-19; which was then compounded by the economic recession and the foreign currency deficit in the country. Supply chains were paralysed due to the fuel and energy crises, and the people had to face many struggles to meet their basic needs. Likewise, suppliers were helpless in sourcing and providing adequate goods and services.

However, there is much to learn from every challenging experience. These are unique learning opportunities since the lesson, breaking away from the norm, comes at the end of the test. The crises taught us some good lessons, such as: the need of applying optimisation techniques in operations, sharing of transport resources, carpooling, need for advanced public transport, introducing paperless systems, using renewable energy to the maximum level, application of IT, and identifying back-up plans in case of emergencies, to name a few.

Fortunately, the Logistics and Transport sectors were able to perform at a satisfactory level during the crises because of correct decision making and introduction of new systems by the corporate sector. In the past, Sri Lanka showcased its commitment and dedication to the world, continuing the practice of overcoming difficulties with courage and resilience. Similarly, I have every confidence that Sri Lanka will overcome the current difficulties facing the country with dedication, purpose and resolve.

Those who are flexible, adaptable, and innovative will dominate and survive. Therefore, sustainable business practices will play a considerable role in enabling Sri Lanka to reach new heights. Professionals and professionalism are key

President's Message of CILT Sri Lanka

components of this progressive journey. Thus, the Chartered Institute of Logistics and Transport has an immense responsibility to influence the future by working together with other stakeholders in policy making and strategic planning.

As the premier professional body in Logistics and Transport in Sri Lanka, we have performed admirably during the last council year. We conducted several programmes in the education arena and three memorial lectures. The Education Subcommittee successfully conducted the first-ever research symposium for enthusiastic researchers from universities and industry. Furthermore, there was a consistent stream of new members who joined the membership ranks of CILT Sri Lanka every month. Notably, we also saw the induction of new corporate partners into CILT Sri Lanka, increasing the number to 34. We further took measures to move the CILT Sri Lanka Secretariat to a new office complex with more space and facilities.

'Women in Logistics and Transport' (WILAT), 'Next Generation' and the 'CILT Central Chapter' have performed commendably, conducting many important events and providing services to the members. Mentoring, membership drives, field visits, knowledge hub sessions, and guest speeches are only a few of the events that they have conducted.

CILT Sri Lanka will not be able to reach any of these achievements without the support of all of its members. On behalf of the Council, I would like to take this opportunity to thank all our members, corporate partners, education partners, sponsors of events, and all the others who extended their support during this challenging period.

We urge and welcome your continued support and enthusiastic contributions for the continuous success of CILT Sri Lanka in the years ahead.

STRONGER TOGETHER

*The Leading International Professional
Body for everyone who works within
supply chain, Logistics and Transport.*

How we began

At the Savoy Hotel in London, on 3 November 1919, a group of senior transport professionals met determined to change the world of logistics and transport. In the First World War they had seen the failures of moving goods and vehicles. Now in peacetime they wanted to create a professional body that would make a difference and set new standards. This was the birth of the Institute of Transport.

Sir. Eric Geddes
1st President of Institute
of Transport, UK

The group's initial aims were to improve transport efficiency, enable transport integration and encourage talent development in the transport industry. Aims that we still strive to achieve today. In 1926 we were granted a Royal Charter by King George V with himself as the Patron and the Prince of Wales as the Honorary President. The Institute grew in importance and influence across the world. We established territorial organizations in ten countries and in 1971 we were granted the name of the Chartered Institute of Transport by Queen Elizabeth II. In 2001 we became the Chartered Institute of Logistics and Transport as the two leading professional bodies joined together.

How we progressed

Where we are today

With a wider representation now we are involved in every logistics and transport sector. We are focused on the original 1919 Institute aims of developing the science and art of transport and logistics. We do this through talent development and professional education throughout the world. As a family of professionals we come together in our annual International Convention in a different global location each year. There we reflect on our aims and plan our future. The vision of those first Savoy Hotel pioneers lives and breathes and continues to shape our world today.

Our Vision

To be Recognized Globally as the First Choice Professional Body for Supply Chain, Logistics and Transport

Our Objective

To Promote, Encourage and Co-ordinate the Study of the Science and Art of Logistics and Transport in All its Branches

Why you need to get to know us

Transport and logistics are key enablers for the world's economic development and prosperity. They dictate how you get to your destination, how you get your products, how you meet your customer order, and how you do your business. The Chartered Institute of Logistics and Transport (CILT) supports the professionals who plan the routes, drive the trucks, bring in the raw materials, and store the goods safely. We are the leading international voice for supply chain, logistics and transport.

What we do

We create the right programmes and set the right goals. We are seen as the leading professional body globally by those both within and outside our profession.

Our plans: We are creating a strong model for growth based on regional development. We are adding new countries and identifying key markets for expansion.

Our services for our Members: We are passionate about our education and membership services. We strive to strengthen and improve them. We share best practices and learnings throughout our global family and encourage participation and advancement at all levels.

Our people: We aim to give robust and positive leadership of the Institute. We have created a talented team to further develop our organization.

What you see

These principles drive our behaviours.

Embracing Global Leadership

we think and act as global leaders of our profession and our industry.

Demonstrating Professionalism

we set high standards in the logistics and transport arena and we adhere to them.

Encouraging Diversity

we actively seek engagement from all in our industry whatever their skills, age, gender or nationality.

Being Passionate

our vibrant energy and progressive attitude are key in our drive for growth.

Becoming a Family

we are '**Stronger Together**' as a membership body and as a leader in our industry. We are a global family.

The Chartered
Institute of Logistics
and Transport

We are stronger together
WE ARE CILT

*Celebrating 100 years supporting
transport and logistics professionals*

The Chartered Institute of Logistics and Transport Sri Lanka

The Chartered Institute of Transport (CIT) Sri Lanka was established in 1984 and incorporated by the parliamentary act no. 08 of 2000. In 2001, following the merger of the two leading professional bodies, CIT Sri Lanka became the Chartered Institute of Logistics and Transport (CILT) Sri Lanka. In 2012, the Council of Trustees of CILT upgraded the status of CILT Sri Lanka from a Branch to a Territory. In doing so, the Council of Trustees recognized the high standards in performance, governance and membership development evidenced by CILT Sri Lanka over the past several years. This upgrading of status took place at the CILT International Convention and Annual General Meeting held in Birmingham from 11 - 14 June 2012. The notice of upgrade was presented to Mr. Romesh David, CMILT, then Chairman of CILT Sri Lanka, by Her Royal Highness Princess Anne, the Princess Royal, who is the Patron of the Institute. CILT Sri Lanka is governed by a Council consisting of professionals representing all segments of the Transport and Logistics industry.

CILT Sri Lanka consists of two wings, Women in Logistics and Transport (WILAT) Sri Lanka and Next Generation Sri Lanka, which are dedicated for the development and empowerment of women and youth of the logistics and transport industry.

We are passionate about our education and membership services. We strive to strengthen and improve them. We share best practices and learnings throughout our global family and encourage participation and advancement at all levels.

The Chartered Institute of Logistics and Transport Sri Lanka held its Inaugural Research Symposium on Supply Chain and Logistics on the 17th of February 2023, at the Sri Lanka Foundation Institute. The symposium was held under the theme of 'Supply Chain and Logistics in the Digital Age,' and it aimed to bring together researchers, academics, and industry professionals to discuss the latest trends, challenges, and opportunities in the logistics and supply chain domain.

The distinguished presence of Professor Saman Bandara, Senior Professor at the Department of Civil Engineering within the Faculty of Engineering at the University of Moratuwa, as the chief guest, was a notable highlight of the event. The keynote speeches were delivered by Dr. Eoin Plant, Associate Professor in Logistics and Supply Chain Management, at Edinburgh Napier University, and Dr. Shamika N. Sirimanne, Director-Technology, and Logistics, United Nations Conference on Trade and Development (UNCTAD). Dr. H. R. Pasindu, Vice President (Education) of CILT Sri Lanka, delivered the welcome address, while Dr. Namali Sirisoma, President of CILT Sri Lanka, addressed the gathering, adding more significance to the event.

The symposium was divided into four sessions, with 19 abstracts presented. The abstracts covered a range of topics, including maritime transport, logistics digitalization, outsourcing, procurement and purchasing, and green supply chain and reverse logistics. Each session was chaired by a respected professional, including Mr. Naleen De Alwis, Dr. Sabeen Sharic, Dr. Priyangani Jayasundara, and Dr. Ishani Dias. After each session, a Q&A session was carried out to encourage lively and engaging discussions.

The event concluded with the awarding of certificates for the researchers and the vote of thanks delivered by the General Chair of the Research Symposium, Prof. Renuka Herath. The symposium provided a platform for researchers and industry professionals to share their research findings and experiences on the latest trends and challenges facing the logistics and supply chain domain in the digital age. The event was a significant milestone in the logistics and transportation industry in Sri Lanka and set the stage for future research and development in the field. The Chartered Institute of Logistics and Transport Sri Lanka's inaugural Research Symposium on Supply Chain and Logistics was a resounding success and highlighted the importance of continued research and collaboration in the logistics and supply chain domain.

The organizing committee of the event comprised of General Chair: Prof. Renuka Herath, Programme Chair: Dr. H.R. Pasindu, Dr. Varuna Adikariwattage, Publication Chair: Dr. Sabeen Sharic, Dr. Ishani Dias, and the Financial Chair: Mr. Shaja Musthaffa.

National Logistics Day Message From the President CILT Sri Lanka

It gives me great pleasure to pen this message on this very important occasion of National Logistics Day. Being an island nation and situated in a strategic location, Sri Lanka has the potential to develop as a logistics hub with the proper implementation of strategic plans. The Logistics field has grown up from ancient times when people used animals to transport to the modern world today where it uses artificial intelligence.

Hence it is a major challenge to adapt to the new systems, optimization techniques, infrastructure developments, and professional developments of the human resources. Financial management and project planning and business plans are needed to be laid out considering the future economic growth of the country.

Covid 19 gave a good lesson to the world showing how the entire world can be affected by disasters and how the supply chain can be disturbed in such situations. The need for new facilities to transport and store the Covid vaccine under controlled temperature was a major challenge. Adoption of new health guidelines was difficult in many passenger transport systems such as aviation, paratransit, and public transport. Disaster preparedness and mitigations are some key areas that the transport and logistics industry need to develop in the future. Fortunately, highly committed staff and authorities who worked around the clock were able to manage the situation in Sri Lanka to a satisfactory level.

The economic crisis followed by the Covid 19 pandemic led the country to a further challenging situation. Price escalations, foreign currency fluctuation, an increase in shipping rates, scarcity of containers, fuel crisis, and drastic reduction of tourists affected small-scale to giant industries in a significant level. However, every dark cloud has a silver lining. This crisis opened new opportunities in e-commerce. New business ventures bloomed and some authorities converted their operational procedures to paperless. People were ready to accept IT-based systems which made their lives more comfortable.

The need of improving the outdated regulatory systems, modernization of public transport systems, energy efficiency in transport systems, and improvements in supply chain operations have been identified as key areas to address in the country. Development of new policies in land transport, maritime transport, international trade, logistics, and aviation need to be addressed urgently. Preparedness for future natural or man-made disasters and crisis management are important areas to address.

Education, research, and development in the transport and logistics fields are required to enhance. New research findings and commercialization of research findings help in the sustainable economic development of the country. Affordability and the quality of local products such as local vehicle manufacturing needs to enhance. Other related businesses such as service stations, spare parts manufacturing, maintenance stations, and fuel stations need to be properly regulated and develop as employability generators in Sri Lanka. Transport and logistics operators and other service providers should be recognized as professionals with proper career progression paths enhancing their job security.

Training and education are needed to develop with the involvement of education service providers and professional institutes like the Chartered Institute of Logistics and Transport Sri Lanka. The involvement of professionals in policy-making, business plans, and decision-making in the country is a time needed to overcome the current economic crisis in the country.

I wish all the success and courage to the transport and logistics community in Sri Lanka in their future endeavors.

We are always stronger together!!!

World Maritime Day

CILT Sri Lanka celebrated World Maritime Day 2022 with concept of Greener Shipping through innovative technologies.

As the globe recovers from the Covid Pandemic, the marine commerce faces several challenges, including rising pollution of the seas and rivers, the need for infrastructure growth, ever-evolving security concerns, and violations or disdains of international norms and treaties. As a reason, the purpose of World Maritime Day 2022, was a timely call to action for all maritime stakeholders.

The Chartered Institute of Logistics and Transport Sri Lanka wished all stakeholders in the marine sector in Sri Lanka and throughout the world success whereas the CILT Sri Lanka has been highlighted in the Daily News and the Daily FT accordingly as well.

The invitees were welcomed with a speech by Dr. Namali Sirisoma (President of CILT Sri Lanka) followed by a speech by Mr. Nihal Kadawatharatchie (a past President of CILT Sri Lanka). All the invitees were treated to the table of traditional treats afterward. Finally, the event was concluded with a vote of thanks delivered by Mrs. Maithree Attanayake (Honorary Secretary).

P. B. Karandawala Memorial Lecture

The Chartered Institute of Logistics and Transport (CILT) Sri Lanka, held its annual P. B. Karandawala Memorial Lecture on February 27, 2023, at the IESL Auditorium from 5.30 p.m. onwards jointly with the Company of Master Mariners (CMM).

The late P. B. Karandawala is well known in pioneering the development of the maritime sector in Sri Lanka. Mr. Karandawala holds the rare distinction of being the Chairman of 3 state transportation entities during the 1970s, which were related to three different modes of transport. They are the Ceylon Shipping Corporation, Air Ceylon, and the Ceylon Transport Board. He is the one who established the National Shipping Line and structured several independent organizations such as the Freight Bureau, the Ceylon Shipping Lines, the Port Services, and the Colombo Dock Yard to support the organization.

The title for the memorial lecture this time was “Emission Reduction Pathways for Marine Transportation”. The lecture was delivered by the Keynote Speaker; Mr. Saman A. Kumarasinghe. Undergraduates from different universities and other members of CILT SL participated in this event.

Mr. Saman A. Kumarasinghe is a Chartered Marine Engineer and a fellow member of the Institute of Marine Engineering Science and Technology UK. He is also an associate member of the Royal Institute of Naval Architects UK. Mr. Kumarasinghe has nearly 38 years of industry experience. When having a glimpse at his work history, he worked as a Chief Engineer at Caser and Irvin shipping and later at London ship managers before giving up his career at sea in 2005. He started his first job ashore at a 60 MW power barge situated in the port of Colombo as a Senior mechanical engineer. Then he joined the Indian Register of Shipping in 2006 as an engineer surveyor and in 2007 he joined Germanischer Lloyd China as a new building engineer surveyor and worked in China. Later in 2010, he was transferred to Germanischer Lloyd Singapore and then to the Germanischer Lloyd Colombo in the same year. Since the year 2010, Mr. Kumarasinghe is attached to the DNV Colombo office and is the principal surveyor and the Country manager of the DNV Maritime country office in Sri Lanka. Mr. Kumarasinghe is also the DNV project manager for building of 10 hybrid general dry cargo ships currently being built at Colombo Dockyard PLC for Misje Ecobulk company Norway.

In his speech, Mr. Kumarasinghe elaborated on different sources of maritime pollution and the regions which are mostly prone to marine pollution. Mr. Kumarasinghe also explained the current practices in the industry and the Conventions as well as the International Professional Bodies overlooking this issue. He further explained the alternatives that can be deployed to reduce emissions in maritime transportation and the pros and cons of each.

Corporate Partnership Programme (CPP)

The Corporate Partnership Programme is one of the key priority focus areas for CILT globally with a view to uplifting the image of CILT and promoting the profession among corporates. CILT Sri Lanka launched its CPP in October 2011.

Over the past few years CILT has seen a steady increase in the number of Corporate Partners. The thrust of the CILT global strategy is to have an inclusive approach to include all stakeholders engaged in logistics, transport, associated services which could be broadly categorised under the following categories:

- ▶ Operators - Directly involved in providing logistics and transport services
- ▶ Suppliers - Companies providing products and services to logistics companies
- ▶ Manufacturers - Users of logistics services
- ▶ Retailers/Sellers - Those who require logistics services
- ▶ Education - Academic institutions providing logistics related programs
- ▶ Military
- ▶ Government

In order to be more inclusive, CILT Sri Lanka revamped its CPP in January 2018. Under the revamped CPP, corporates can choose between four corporate partner packages namely, Platinum, Gold, Silver or Bronze.

In the new CP scheme, CPs who have been with CILT CP programme from its inception in 2011 were recognized as Patron Partners. Out of the 15 originally inducted as CPs 12 have been continuing with CILT Sri Lanka and are categorized as Patron Partners. The CP programme is an annually renewable contract which runs from 01st January to 31st December to each year.

The Corporate Partnership Programme is a good opportunity for companies to partner with CILT Sri Lanka for mutual benefit. CILT Sri Lanka is hopeful that the CPs who did not renew will rejoin the programme next year and reap the benefits.

CICIT Visit – 16th February 2023

The CILT Next Generation Members received the opportunity of visiting the Colombo International Container Terminals (CICT) on the 16th of February 2023. The visit was organized by the CICT officials with the collaboration of CILT as part of their CSR projects.

The visit focused upon proving the young professionals of the industry of Supply Chain and Logistics Management with the practical knowledge on operations at CICT terminal. Undergraduates that participated the program comprised of undergraduates from General Sir John Kotelawala Defence University, CINEC University, Ocean University, University of Moratuwa. The program was conducted by the professionals of CICT giving the participants an in-depth overview into the history, the operations, the engineering aspects, health and safety aspects of the CICT terminal. The session was a combination of both lecture modules and on-site visits. The on-site visits allowed the participants to get a practical exposure into the operations at the terminal. The session was followed by a Q&A session where the participants got an opportunity to clarify and further strengthen their knowledge relating to the operations at CICT.

Discussion on "Data Analytics in Transport and Logistics"

In the Transportation & Logistics sector, data analytics is critical for meeting customer demands in a timely and cost-effective manner. These industries are critical to the economy and the flow of people and products. However, the transportation industry's competitive nature makes data management challenging for data analytics specialists. The constraints of traditional data analysis as well as the importance of data-driven approaches in the transportation and logistics industries were discussed in the session.

The session was conducted by Eng.Sampath Deegallao who is a Senior Lecturer at the University of Peradeniya's Department of Computer Engineering. He has taught undergraduate and postgraduate courses in Electronics and Computer Engineering for over 20 years.

He is a Machine Learning, Data Mining, and Data Science expert, having written over 30 research articles in these subjects at the national and international levels. He is currently a resource person for Dialog Data Academy, a company that provides data analytics training to the industry. He also teaches postgraduate courses for M.Sc. programs in Data Science, Information Technology, and Industrial Mathematics at the Postgraduate Institute of Science at the University of Peradeniya. He is also a visiting lecturer at the National School of Business Management.

Sampath Deegalla holds a Ph. Lic. in Computer and Systems Sciences from Stockholm University in Sweden and a B.Sc. in Computer Engineering from the University of Peradeniya in Sri Lanka. He is a member of the Institute of Electrical and Electronics Engineers (MIEEE) in the United States and an associate member of the Sri Lankan Institute of Engineers (AMIESL).

Data Analytics in Transport and Logistics

Data Analytics is critical in the Transportation and Logistics industry to address client needs in a timely and cost-effective manner. Our economy and the movement of people and goods rely heavily on these sectors. However, the competitive nature of the transportation industry makes data management difficult for data analytics professionals. This presentation will explore the challenges of traditional data analysis and the significance of data-driven methodologies in the transportation and logistics industry.

Talk on "Machine Learning Onboard: How to deliver better with Machine Learning" by Dr. Damayanthi Herath

This event was held on the 2nd of November 2022. The talk included information about trends, advancements about Machine Learning (ML) and also integrating ML in Transportation and Logistics to deliver better solutions and in decision-making.

The speaker; Dr. Damayanthi Herath an engineering graduate holding a B.Sc. (Hons) in Computer Engineering from University of Peradeniya (2012) and currently a lecturer at the same university and is a member of the IEEE. She was a member of the Optimisation and Pattern Recognition Research Group of Melbourne School of Engineering, Australia where she worked on computational models and methods to profile inherently diverse DNA sequencing data which encode genetic information of multiple species and organisms.

Talk on "The Power of Supply Chain Management" by Mr. Yasas Kasthuriarachchi

This event was held on the 1st of January 2023. The talk was delivered on the importance of supply chain management as an industry by taking it as a holistic view of the impact of every industry and technology on the environment, society and economy.

The Speaker: Mr. Yasas Kasthuriarachchi is a manager with experience in the building materials industry and port operations industry and a skilled professional with a BSc.(Hons) in Transport and Logistics Management from the University of Moratuwa.

Sectional Committees

In order to cater to the needs of members in each sector, sectional committees were formed for Aviation, Maritime, Land Transport and Supply Chain and Logistics. The scope of the sectional committee was to develop a strategy to promote the profession through close engagement with the community by adopting the growth model and be a powerful voice for the sector.

Scope of Sectional Committees

- Promote the profession and attract members from across the country
- Understand the sector needs for mutual benefit
- Support the growth of members through capacity building
- Proactive policy advocacy by developing an expert group to be a powerful voice within the sector

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CHARTERED INSTITUTE OF LOGISTICS AND TRANSPORTS SRI LANKA

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Chartered Institute of Logistics and Transportation ("the Institute"), which comprise the statement of financial position as at 31st December 2022, and the statement of profit or loss and other comprehensive income, statement of changes in fund and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information set out from pages 3 to 16.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31st December 2022, and of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Accounting Standard for Small and Medium-sized Entities (SLFRS for SMEs).

Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by CA Sri Lanka ("Code of Ethics") and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. These financial statements do not include the other information.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF CHARTERED INSTITUTE OF LOGISTICS AND TRANSPORTS SRI LANKA (CONTINUED)

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is located at Sri Lanka Accounting and Auditing Standards website at: <http://slaasc.com/auditing/auditorsresponsibility.php>. This description forms part of our auditor's report.

Report on Other Legal and Regulatory Requirements

As required by section 163 (2) of the Companies Act No. 07 of 2007, we have obtained all the information and explanations that were required for the audit and as far as appears from our examination, proper accounting records have been kept by the Company.

THE CHARTERED INSTITUTE OF LOGISTICS AND TRANSPORT SRI LANKA NOTES TO THE FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

1.1 Reporting Entity

The Chartered Institute of Logistics and Transport Sri Lanka ("the Institute") is an Association registered and located at 464, T.B Jayah Mawatha, 1st Floor, Colombo 10, Sri Lanka.

1.2 Principal Activities and Nature of Operation

The principal activities of the Institute are to promote and encourage the art and science of logistics and transport. The Association is governed by the Council members in accordance with the rules set out in the rule book of the Association.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

The financial statements of the Institute which comprise of the statement of financial position, statement of income and expenditure and accumulated fund and statement of cash flows together with the accounting policies and notes to the financial statements of the institute as at 31st December 2022 and for the year then ended are prepared in accordance with Sri Lanka Accounting Standard for Small and Medium – sized Entities ("SLFRS for SME's") adopted by the institute of Chartered Accountants of Sri Lanka (ICASL).

2.2 Responsibility for Financial statements

The committee members are responsible for the preparation and presentation of the Financial Statements.

2.3 Approval of Financial Statements by Committee of members

The Financial Statements for the year ended 31st December 2022, were authorized for issue by the Committee of members on 21th March 2023.

2.4 Basis of Measurement

The Financial Statements have been prepared on the historical cost basis and applied consistently with no adjustments being made for inflationary factors affecting the financial statements.

These Financial Statements have been prepared on the basis that the Institute would continue as a going concern for the foreseeable future.

2.5 Functional and Presentation Currency

The Financial Statements are presented in Sri Lankan Rupee (LKR), which is the Institute's functional currency.

2.6 Use of Estimates and Judgments

The preparation of the financial statements in conformity with SLFRS for SMEs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affect only that period or in the period or revision and future periods if the revision affects both current and future periods.

THE CHARTERED INSTITUTE OF LOGISTICS AND TRANSPORT SRI LANKA NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

2. BASIS OF PREPARATION (CONTINUED)

2.7 Materiality and Aggregation

Each material class of similar items is presented separately in the financial statements. Items of a dissimilar nature or function are presented separately unless they are immaterial.

3. SUMMARY OF SIGNIFICANT POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements unless otherwise indicated.

Certain comparative amounts in the financial statements have been reclassified to conform to the current year's presentation.

(a) Foreign Currency Translation

All transactions in foreign currencies are translated to Sri Lanka Rupees at the foreign exchange rates prevailing at the time of such transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into Sri Lanka Rupees at the foreign exchange rates prevailing on that date. The foreign exchange differences arising on translation are recognized in the Statement of income and expenditure and accumulated fund.

(b) Cash and Cash Equivalents

Cash and cash equivalents comprise cash balances and call deposits with maturities of three months or less from the acquisition date that are subject to an insignificant risk of changes in their fair value and are used by the Institute in the management of its short-term commitments. The statement of Cash Flow is reported based on the indirect method.

(c) Property, Plant and Equipment

(i) Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the Cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use and when the group of asset to obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the items and restoring the site on which they are located, and capitalized borrowing costs. Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

When an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Any gains and losses on disposal of an item of property, plant and equipment is recognized in profit or loss.

(ii) Subsequent Measurement

Subsequent expenditure is capitalized only when it is probable that the future economic benefits associated with the expenditure will flow to the Institute incurred.

THE CHARTERED INSTITUTE OF LOGISTICS AND TRANSPORT SRI LANKA
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

3. SUMMARY OF SIGNIFICANT POLICIES (CONTINUED)

(c) Property, Plant and Equipment (Continued)

(iii) Depreciation

Items of property, plant and equipment are depreciated on a straight- line basis in profit or loss over the estimated useful lives of each component. Items of property, plant and equipment are depreciated from the date that they are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use.

The estimated useful lives of Property, plant and equipment are as follows:

<u>Class of tangible assets</u>	<u>Useful Life</u>
Computer equipment	4
Furniture equipment	10
Office equipment and fittings	5

All assets are depreciated from the month of the asset is available for use up to the month of disposal.

(d) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Institute and the revenue can be reliably measured on an accrual basis. Revenue is measured at the fair value of the consideration received or receivable. The following specific criteria are used for the purpose of recognition of revenue.

(i) Membership subscription

Membership subscription is accounted for on time accrual basis.

(ci) Interest income

Interest income represents the interest on fixed deposits and is accounted on accrual basis.

(e) Expenses

All expenditure incurred in the operations of the business and in maintaining the capital assets in a state of efficiency have been charged to income in arriving at the Institute's profit/loss for the year.

(f) Funds

i) Unrestricted funds

Unrestricted funds are those that are available for use by the organization at the discretion of the Committee, in furtherance of the general objectives of the organization and which are not designated for any specific purpose.

ii) Restricted funds

Where the grants are received for use in an identified project or activity, such funds are held in a restricted fund account and transferred to the statement of income and expenditure to match with expenses incurred in respect of identified project. Utilized funds are held in their respective fund accounts and included under accumulated fund in the statement of financial position until such time as they are required.

THE CHARTERED INSTITUTE OF LOGISTICS AND TRANSPORT SRI LANKA NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

3 SUMMARY OF SIGNIFICANT POLICIES (CONTINUED)

(f) Funds (Continued)

iii) Designated funds

Unrestricted funds designated by the Committee for a specific purpose are identified as designated funds. The activities for which these funds may be used are identified in the financial statements.

iv) CILT building fund

CILT building fund is a fund held by the Institute with the purpose of raising funds for a new building. Further the 15% of profits generated from Institute's profitable events are to be transferred this fund.

(g) Income Tax Expenses

Income tax expense comprises current and deferred tax. Income tax is recognized in the income statement except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

(i) Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

(ii) Deferred tax

Deferred tax is provided using the liability method, on for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the tax base of assets and liabilities, which is the amount attributed to those assets and liabilities for tax purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted as at the reporting date. Deferred tax liabilities are not recognized for the permanent differences.

(h) Events occurring after the reporting date

All material events occurring after reporting date events have been considered and where necessary adjustments to or disclosures in the financial statements have been made.

(i) Capital commitments and contingencies

Contingencies are possible assets or obligations that arise from a past event and would be confirmed only on the occurrence or non-occurrence of uncertain future events, which are beyond the Institute's control. Commitments and contingent liabilities are disclosed in notes to the financial statement.
